

## EUP – Follow-Up Training Seminar-No. 30.50.110 4U

Knowledge and skills in the electrical scope of application for the qualification level of electro-technical instructed person need to be maintained and updated by attending follow-up trainings like the seminar described below. Adjustments which might be necessary due to operational changes in work processes or to new work activities can be made. To ensure more comprehensive skills and knowledge are obtained over years, additional topics are added to this follow-up training. This annual follow-up training in correspondence with operational specifications satisfies requirements of the safety briefing for electrical scope of application according to DGVU regulation 1 and the industrial safety ordinance.

- Participants:
- Electro-technical instructed person for identifying hazards
  - Electro-technical instructed for identifying hazards and for carrying out simple work activities in the electrical scope of application

Topics:

- ✔ Safety briefing for the electrical scope of application
- ✔ Review of electrical accidents and analysis of their causes
- ✔ Updating the technological basic of electrical engineering
- ✔ Practices in closed electrical operational facilities
- ✔ Organizational structures involving the responsible electrical engineer
- ✔ PPE, testing and using personal protective equipment
- ✔ Alignment of operation organizational structures for the EUP within the company
- ✔ Certificate of appointment and work instructions for the EUP identification of hazards and work activities

Topics will be added according to the operational specialization.

Workshop:

- ✔ Recognizability and hazard prevention in the electrical scope of application
- ✔ Checking PPE prior to use
- ✔ Measuring - and testing technology for functional testing and troubleshooting
- ✔ Work practice on structions in installation- and control technology after a period of little work activities in the electrical scope of application

Workshops will be aligned according to the operational specialization.

Start : according to the follow-up system of the FBZ-E or by arrangement  
 Duration: 4 lessons  
 Implementation: Version 1 - 1 day 9:00 am to 1:00 pm  
 Version 2 - 1 day 10:00 am to 2:00 pm  
 Version 3 - 1 day 11:00 am to 3:00 pm

Prices:	1 participant	495,- €	per participant	495,- €
	2 participants	750,- €	per participant	375,- €
	3 participants	960,- €	per participant	320,- €
	4 participants	1.200,- €	per participant	300,- €
	5 participants	1.275,- €	per participant	255,- €
	6 participants	1.320,- €	per participant	220,- €

As of 6 participants, for each additional participant 220,- €. The prices regarding company scaling (lower prices at a higher number of participants) apply to: per company or per request for quotation. All prices are exclusive of legal VAT.
